New Product!!! SUPERZILLA

Aerosol Spray
 311g #AP103111C

\$15.55

Pump Spray
 236ml #AP1081C

\$13.49

As a **CLEANER** it will remove virtually anything that soap and water won't clean, like:

- Wax - Rust - Tar - Oil - Ink - Hairspray - Lipstick - Labels - Graffiti - Adhesives - Starch - Permanent Marker - Stainless Steel w/o Streaks - Crayons - Caulking - Nail Polish - Carbon - Scuff Marks - Grease - Tree Sap

As a **PENETRATING OIL** it is the best in the WORLD!! Superzilla has natural capillary action since it's made from plants. Superzilla will literally walk through a rusted nut and come out an inch on the other side. While it's doing this, it is removing rust and lubricating the mechanisms so the bolt is easily removed.

No Streaks

Nail Polish

Stickers

Graffiti

Felt Marker

EVERY Homemaker, Mechanic, Farmer, Hobbyist or Business can Benefit from using Superzilla.

Superzilla is made from natural based products (plants) because they are superior at cleaning, lubricating, and penetrating the smallest areas. In addition, plant materials are safer for human use and will bio-degrade quicker and more naturally back into the environment.

Non-Hazardous, Non-Corrosive, Non-Flammable, Low Odor, Clean with Soap and Water
